MIAMI CABINET DIVISION
THE PHILIP CAREY COMPANY
MIDDLETOWN, OHIO

New, Distinctive, Original . . .

MIAMI-CAREY Bathroom Cabinets are the definite answer to the demand for cabinets that combine beauty and utility. Designed by Miami-Carey experienced craftsmen, in collaboration with foremost architects, they are strictly in keeping with modern trends in home building and appointments. In addition to their supreme distinctiveness, Miami-Carey Cabinets are ruggedly constructed of highest quality materials, and beautifully finished by an exclusive process to last a lifetime under constant use.

The accompanying illustrations show a number of the popular models in the Miami-Carey Line. Truly — there is a Miami-Carey Bathroom Cabinet for every purse and purpose.

MIAMI "POWDER PUFF"

Dressing Room Mirror

The outside frame is brass, chromium plated. The small mirrors on either side of the large center mirror and bottom lower shelf are optional as to color—either rose (flesh), gun metal, blue or green.

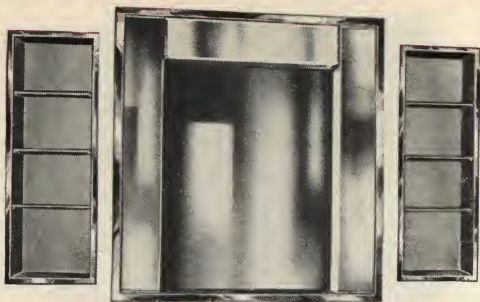

Large recessed center mirror is genuine "A" quality plate glass in the new alluring rose (flesh) color, or a standard colorless "A" quality mirror may be had if desired.

The lights are concealed behind the two small side mirrors and reflect onto the large center mirror through ground glass panels. Four 18-inch, 60-watt Lumaline lights, two on either side of the center mirror, provide perfect illumination. Four light bulbs are furnished with the unit.

When ordering, please specify the color of the small mirrors and the color of the large center mirror.

SPECIFICATIONS

Overall size	35 x 41 $\frac{1}{4}$ inches
Wall opening	34 $\frac{3}{8}$ x 40 $\frac{5}{8}$ inches
Depth, front to back.....	4 $\frac{3}{8}$ inches
No return flange.	

THE MIAMI "DU BARRY"

Lifetime beauty—colorful, brilliant, modern—brought to your bathroom in this masterpiece.

The center unit consists of a recessed mirror with *brass, chromium-plated* frame. Concealed light fixtures are behind the ground glass panel at top center and behind the narrow colored mirrors on the side of the large mirror. Wired complete at factory.

Large center mirror may be had in rose (flesh) color or regular silver. The small narrow mirrors are supplied in blue, green, gun metal or rose.

Side Cabinets have brass, chromium-plated frame and are lined on the inside with colored mirrors in either blue, gun metal, rose, green, or regular silver. Colored glass shelves to match. Stainless steel shelf brackets.

SPECIFICATIONS

When ordering, please specify:

- (1) Color of large mirror in center unit (rose or regular silver).
- (2) Color of the narrow side mirrors in the center unit (blue, gun metal, rose, green or regular silver. (3) Color of the interior of the two side cabinets (rose, blue, gun metal, green or regular silver).

MIRROR DOORS FOR SIDE CABINETS

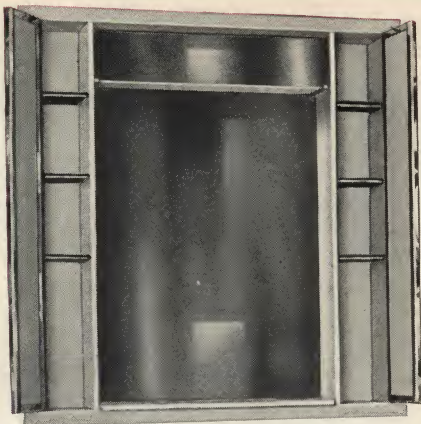

Door Closed

Where desired, side cabinets can be equipped with all-mirror, front doors hung on piano-type, brass, chromium-plated hinges. These mirrors are the new rose (flesh) color. Regular silver mirrors are optional.

The complete central unit, illustrated above, flanked by side cabinets with all-mirror doors and finished inside in *Miami Crystal Snow*, is the Miami "Louis XIV" Bathroom Cabinet-Mirror Ensemble.

Door Open

MIAMI "OXFORD"

A bathroom cabinet different from any other you have ever seen. It was designed for those of discriminating taste who wish their bathrooms to be both beautiful and useful.

Storage cabinets are located on each side of central mirror. Door frames of these cabinets are of chromium-plated brass. Three plate glass shelves. The recessed center and small flanking mirrors are of "A" quality glass, copper-backed and guaranteed.

The new rose (flesh) colored mirrors may be had at small extra cost.

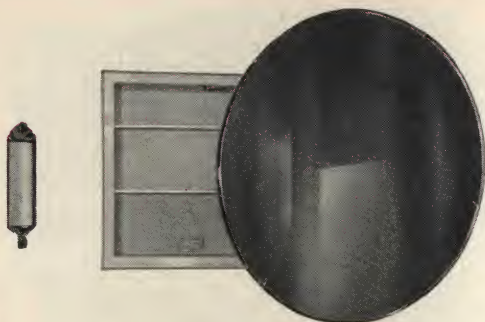

Storage cabinet doors swing on chromium-plated, brass "piano" hinges. Frame around entire unit is white *Crystal Snow*. Special colors available at slight additional cost. Shelf under central mirror is white Vitrolite. Concealed light brackets at top center. The wiring is completed at the factory.

When ordering, please specify:

(1) Color of cabinet frame and side panels. (2) Whether regular silver or new rose (flesh) mirrors are required.

SPECIFICATIONS

Overall size.....	29 ³ / ₈ " x 29 ³ / ₄ "
Wall opening	27 ⁷ / ₈ " x 28 ¹ / ₄ "
Center mirror	18" x 24"
Depth, front to back.....	4 ¹ / ₄ "
Return flange	1 ¹ / ₄ "

MIAMI "MODERNE"

The *Moderne* is the answer to those who for years have asked for a bathroom cabinet with a round mirror door. This unit combines the utility of the regular cabinets with the beauty of the circular mirror.

The mirror is attached to the solid steel door with *stainless steel* mirror clips and, when installed, is flush with the wall. A slight pull at the bottom gives access to the cabinet. The ingenious hinges permit the mirror to be pulled outward over the washstand so that it may be brought within a few inches of the face, an ideal arrangement for shaving or dressing the hair.

The cabinet is of heavy gauge ARMCO autobody steel with small quarter-inch return flanges. The finish is white Miami *Crystal Snow*, guaranteed not to retain a stain. The two shelves are plate glass, adjustable to four positions. Miami *chromium-plated* razor blade drop is installed in the back wall of the cabinet.

The mirror is "A" quality copper-backed, guaranteed for five years against silver spoilage.

SPECIFICATIONS

Mirror size	26"
Wall opening	16½" x 16½" x 4"
Return flange	¼"

Nos. 1000, 1050, 1075

MIAMI CABINETS

with Chromium-Framed Mirrors

VENETIAN STYLES

To keep pace with the trend in bathroom design and decoration our craftsmen designed the chrome framed model shown here. No knob, hardware or portion of the body is visible. The frames are one-piece solid brass, and the chrome is applied over nickel.

The finish on the cabinet body and door back is *Miami Crystal Snow*. Heavy chromium-plated, piano-type hinges are capable of carrying many times the weight of the door, yet are neat in appearance, and are not visible when the door is closed. Copper-backed mirror, three plate glass shelves, drop for used razor blades, tooth brush racks.

SPECIFICATIONS

	1000	1050	1075
Overall	16"x26"	18"x28"	20"x32"
Mirror	16"x26"	18"x28"	20"x32"
Wall opening	13 ³ / ₄ "x19 ³ / ₄ "	15 ³ / ₄ "x21 ³ / ₄ "	17 ³ / ₄ "x25 ³ / ₄ "
Return Flange	1/4"	1/4"	1/4"

MIAMI CABINETS

With Chromium Framed Mirror

MASTER MODEL

The Master Model illustrated at the right has the same specifications as the Venetian style illustrated on page 7. This model is suggested for the bathroom where straight lines are required.

The two bottom shelf supports can be used as tooth brush racks.

Available in three sizes:

SPECIFICATIONS

	1100	1150	1175
Overall	16"x22"	18"x24"	20"x28"
Mirror	16"x22"	18"x24"	20"x28"
Wall opening	13 ³ / ₄ "x19 ³ / ₄ "	15 ³ / ₄ "x21 ³ / ₄ "	17 ³ / ₄ "x25 ³ / ₄ "
Return Flange	1/4"	1/4"	1/4"

SINGLE PANEL VENETIANS

Set in the wall, this model resembles an unusually handsome mirror. The "A" quality, *copper-backed* mirror is hung on the door with the patent Miami *stainless steel* mirror clips lined with soft lead. The extra large mirror on the Model 750 is Miami's answer to the request for larger mirrors.

Cabinets have adjustable plate glass shelves; *stainless steel* shelf supports; drop for used razor blades; tooth brush racks.

Made in two sizes:

SPECIFICATIONS

	750	710
Overall	18"x30"	16"x26"
Mirror	18"x30"	16"x26"
Wall opening	15 ³ / ₄ "x21 ³ / ₄ "	13 ³ / ₄ "x19 ³ / ₄ "
Return flange	1/4"	1/4"

MIAMI LIFETIME CHROMIUM BATHROOM ACCESSORIES

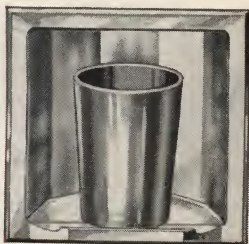

Miami Chromium Bathroom Accessories are built to resist long wear and hard use. Over a forged, brass base, a thick coating of nickel is applied and then a covering of hard chromium — assuring a product that will give utmost satisfaction and retain its original brilliance.

The recessed accessories are provided with larger and wider flanges which eliminate open joints, fit perfectly and give a more finished appearance. The projecting accessories are tightly secured with a new type of key plug.

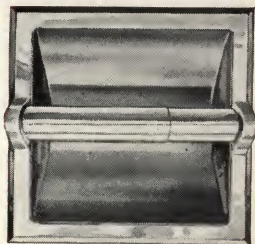

Accessories No. 6000, 6001, 6002, 6003, 6004 are recessed models. When installed, they become a part of the wall itself.

BATHROOM CABINETS

Miami and Carey Cabinets fitted with the attractive light fixtures illustrated on these pages bring new beauty to your bathroom lighting at an attractive saving in cost. These light brackets are correctly located so as to concentrate the light at the point where it is most needed and yet provide sufficient illumination for the entire bathroom.

LUMALINE SIDE BRACKETS

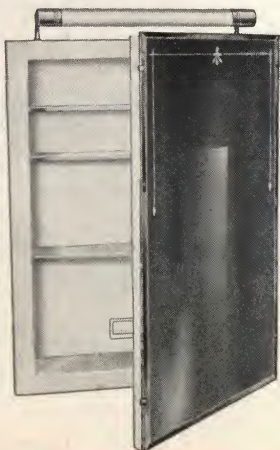

The illustration above shows a Miami-Carey Cabinet fitted with the modern, attractive Lumaline light brackets. For the bathroom fitted with small or medium sized fixtures, we suggest a cabinet fitted with these graceful Lumaline brackets.

Cabinets illustrated on pages 7, 8, 14, 15, 16, 17, 18 and 19 can be equipped with Lumaline Side Brackets.

LUMALINE OVER-HEAD BRACKET

This type of installation is recommended for the small bathroom, for the downstairs lavatory and for the low cost home where perfect illumination of the bathroom is as essential as in the more costly home.

Cabinets illustrated on pages 7, 15, 17, 20 and 21 can be equipped with Lumaline Overhead Bracket.

with **LIGHT BRACKETS**

TUBULAR LIGHT BRACKETS

The metal parts of the brackets are brass finished in a deep lustrous chromium. The glass shade is opal. The fixture is designed to take T-8 bulb, either 40 or 60 watt. This bulb is available at all stores that sell light bulbs.

We suggest a Miami-Carey Cabinet fitted with Tubular light fixtures for bathrooms equipped with medium or large sized fixtures or fixtures of modernistic design.

Cabinets illustrated on pages 7, 8, 14, 15, 16, 17, 18 and 19 can be equipped with Tubular light fixtures.

MIAMI DISTINCTIVE LIGHT FIXTURES

These new and distinctive Tubular and Lumaline light fixtures were designed for Miami by illuminating engineers—for the bathroom, kitchen, sun room, breakfast nook and the dressing room. Model 7000, illustrated on the left, is known as the Tubular design. Model 8000, illustrated on the right, is known as the Lumaline design. Switches that control the lights are built into each bracket. Both brackets are finished in lustrous chromium plate.

Model 7000

Model 8000

No. 610-G—620-G

Carey Cabinet with Full Mirror Door

Gothic Top Model

Prior to the introduction of the Carey Line of Cabinets, only those to whom expense was no object could afford this type of cabinet. Now, because of the ingenuity of the Miami-Carey engineers, these beautiful models are available for the modest home and apartment at new all-time low prices. Quality has not been sacrificed. We are able to offer these new and different Gothic models only because of improved manufacturing methods.

The beautiful mirror hung on the steel door of the hollow metal type covers the entire cabinet so that when the cabinet is set in place, the appearance is that of a mirror hung on the face of the wall.

To those who prefer the all-glass front cabinet with no knob, hinges or ugly screw heads to mar the face of the mirror, we recommend the Gothic in either of the two sizes below.

SPECIFICATIONS

	Overall	Mirror	Wall Opening
610-G	16"x26"	16"x26"	13 ³ / ₄ "x19 ³ / ₄ "
620-G	18"x28"	18"x28"	15 ³ / ₄ "x21 ³ / ₄ "

No. 640-H—650-H

Carey Cabinet with Full Mirror Door

Square Top Model

The square all-glass model is recommended for the bathroom built along simple lines where arches and curves are not used.

General specifications: The mirrors are *selected* No. 1 plate glass, *copper backed*, guaranteed for five years against silver spoilage; the mirror clips are *stainless steel*; the hinges are the piano type, *nickel plated*. Cabinet bodies and doors are 20-gauge ARMCO auto-body steel, all corners reinforced.

All models are equipped with three adjustable bulb edge glass shelves, the used razor blade drop, and two tooth brush racks. Available in two sizes:

SPECIFICATIONS

	Overall	Mirror	Wall Opening
640-H	16"x22"	16"x22"	13 $\frac{3}{4}$ "x19 $\frac{3}{4}$ "
650-H	18"x24"	18"x24"	15 $\frac{3}{4}$ "x21 $\frac{3}{4}$ "

No. 2010-P—2020-P

Carey Cabinets with Full Mirror Door

WITH STAINLESS STEEL FRAMES

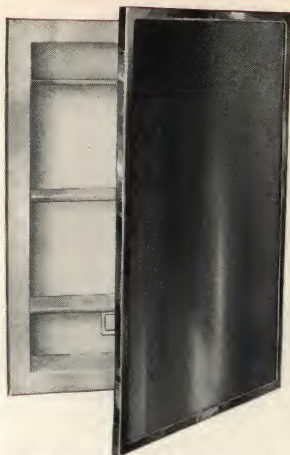

Gothic Top Model

This model is among the most popular in the whole line. It is moderately priced—yet has those Carey features of construction that have made Miami-Carey Cabinets famous.

The *stainless steel* frames around the mirrors are absolutely non-rusting and may be kept clean and highly polished just by rubbing with a clean, dry cloth. *Stainless steel* is the perfect match for *chromium*; hence, the Gothic models as well as the Square Top models are particularly recommended for bathrooms fitted with *chromium plated* fixtures where the budget does not permit the purchase of higher priced *chromium plated* models. Two sizes:

SPECIFICATIONS

	Overall	Mirror	Wall Opening
2010-P	16 $\frac{1}{4}$ "x26 $\frac{1}{4}$ "	16"x26"	13 $\frac{3}{4}$ "x19 $\frac{3}{4}$ "
2020-P	18 $\frac{1}{4}$ "x28 $\frac{1}{4}$ "	18"x28"	15 $\frac{3}{4}$ "x21 $\frac{3}{4}$ "

No. 2003-P—2040-P—2050-P

Carey Cabinets with Full Mirror Door

STAINLESS STEEL FRAMES

Square Top Model

The square top *stainless steel* frame model is recommended for the bathroom where the design is straight lined rather than arched or curved.

Fitted with *selected* No. 1 plate glass mirror *copper backed*, guaranteed for five years against silver spoilage. Cabinet doors are the heavy air cushion type hung on heavy *nickel plated* piano hinges. The cabinet bodies and door backs are finished in three coats of first-quality *baked enamel* applied over rust-resisting under coat. A positive acting bullet catch of brass locks the door.

Three adjustable bulb edge glass shelves, used razor blade drop, two tooth brush racks, four installing screws and washers furnished with each cabinet. Three sizes:

SPECIFICATIONS

	Overall	Mirror	Wall Opening
2030-P	16 $\frac{1}{4}$ "x22 $\frac{1}{4}$ "	16"x22"	13 $\frac{3}{4}$ "x19 $\frac{3}{4}$ "
2040-P	18 $\frac{1}{4}$ "x24 $\frac{1}{4}$ "	18"x24"	15 $\frac{3}{4}$ "x21 $\frac{3}{4}$ "
2050-P	20 $\frac{1}{4}$ "x28 $\frac{1}{4}$ "	20"x28"	17 $\frac{3}{4}$ "x25 $\frac{3}{4}$ "

Venetian All-Mirror Door Models

No. 660-F—670-F

The Aristocrats

The Aristocrats, designed for the home where price must be considered, represent the most remarkable bathroom cabinet buy ever offered. The mirrors on both models are *copper backed No. 1 selected plate glass mirrors*. The mirror clips are *stainless steel*. Model 670-F has extra large mirror (18x30 inches).

Three adjustable bulb edge glass shelves; *chromium plated razor blade drop*; two tooth brush racks are regular equipment.

SPECIFICATIONS

	Mirror Size	Wall Opening
660-F	16"x24"	13 $\frac{3}{4}$ "x19 $\frac{3}{4}$ "
670-F	18"x30"	15 $\frac{3}{4}$ "x21 $\frac{3}{4}$ "

Model 701-F

The mirror on this model is *crystal plate copper backed* guaranteed for five years against silver spoilage. Hinges are butt type, *nickel plated*.

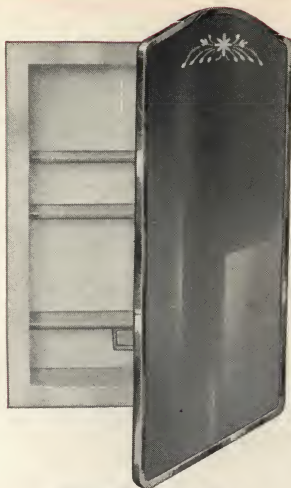

Equipped with two adjustable bulb edge glass shelves; razor blade slot; two tooth brush racks.

SPECIFICATIONS

Mirror size, 16x22 inches.
Wall opening, 13 $\frac{3}{4}$ x18 $\frac{3}{4}$ inches.

Model 701-F

No. 1622-BF—1622-CF

Framed Venetian Models

These models are in keeping with the present trend toward greater use of metal in home building and home furnishing.

The mirror on Model 1622-BF is set in a rich black enamel frame that harmonizes with black and white tile bathrooms or those fitted with black fixtures.

The mirror on Model 1622-CF is set in a brass chromium plated frame, a budget model suggested for the inexpensive bathroom that is fitted with *chromium plated* accessories.

The mirror frames are of one-piece construction, no open joints at the corners. Mirrors are *selected* No. 1 plate glass *copper backed*. The mirror etching is a simple flower design.

Three adjustable bulb edge glass shelves, *chromium plated* razor blade drop; two tooth brush holders, four *cadmium plated* installing screws; cabinets finished in three coats of first-quality *baked enamel* applied over rust-resisting under-coat.

SPECIFICATIONS

		Mirror Size	Wall Opening
1622-BF	Black Frame.....	16"x24"	13 ³ / ₄ "x19 ³ / ₄ "
1622-CF	Chrome Frame.....	16"x24"	13 ³ / ₄ "x19 ³ / ₄ "

Models 200, 220 and 250

Carey Flush Door Recessed Models

For Schools, Public Buildings, Hospitals, Modest Bathrooms

The same careful workmanship and high standard of materials that characterize the more luxurious cabinets have been adhered to in the manufacture of these models.

Made from heavy gauge ARMCO auto-body steel. Adjustable glass shelves, copper-backed mirrors, nickel-plated hinges, cadmium-plated installing screws, razor blade drop. Finished in high-grade baked enamel.

Bevel or plain mirrors may be had in any of these cabinets. Bevelled mirrors cost slightly more than plain. Specify type mirror wanted when ordering.

SPECIFICATIONS

Model	Mirror Size	Over all	Wall Opening
200	12"x16"	16 ³ / ₄ "x20 ³ / ₄ "	13 ¹ / ₂ "x17 ¹ / ₂ "
220	14"x18"	18 ³ / ₄ "x22 ³ / ₄ "	15 ¹ / ₂ "x19 ¹ / ₂ "
250	16"x22"	20 ³ / ₄ "x26 ³ / ₄ "	17 ¹ / ₂ "x23 ¹ / ₂ "

Models 210, 230 and 240

Carey Flush Door Recessed Models

These models are especially recommended for the modest bathroom where price is to be considered. They are practical in design, rugged in construction, and of a uniformly high quality.

Bevel or plain mirrors may be had—bevelled mirrors are slightly higher in price. Specify type of mirror wanted when ordering.

Equipment—Adjustable glass shelves, copper-backed mirrors, nickel-plated hinges, cadmium-plated installing screws, razor blade drop, tooth brush racks. Open shelf below the door provides a convenient repository for toilet or shaving articles. Cabinets finished in first class baked enamel.

SPECIFICATIONS

Model	Mirror Size	Over all	Wall Opening
210	12" x 16"	16 $\frac{3}{4}$ " x 26 $\frac{3}{4}$ "	13 $\frac{1}{2}$ " x 23 $\frac{1}{2}$ "
230	14" x 18"	18 $\frac{3}{4}$ " x 28 $\frac{3}{4}$ "	15 $\frac{1}{2}$ " x 25 $\frac{1}{2}$ "

Models No. 1 and No. 3

Carey Wall Surface Cabinets

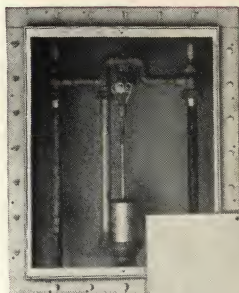

Inexpensive Models for Hotels, Schools, Clubs and Modest Homes

This Crystal Venetian mirror is made with a curved top and bevelled edge. Two bulb-edged, glass shelves adjustable to three positions. Cadmium-plated installing screws, chromium-plated mirror clips. Baked enamel finish.

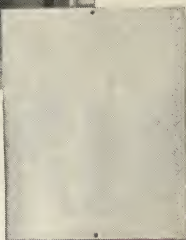

SPECIFICATIONS

Model	Mirror Size	Body Size
No. 1	12"x18"	11½"x15¾"
No. 3	14"x20"	13½"x17¾"

Where price is an important consideration Carey Cabinets are the first choice because of their outstanding quality. Their popularity is attested by world-wide use.

Cut shows the cover removed from frame. Screws at top and bottom hold cover in position.

CAREY ACCESS DOORS

Permit quick, easy access to pipe shafts. Frames are heavy ARMCO steel with reinforced corners. Frames also fitted with plaster hooks or may be nailed to wood studs. Door can be covered with wall paper or painted so as to be almost invisible.

SPECIFICATIONS

Model	Panel Size	Wall Opening	Weight
812	7½" x 11½"	8" x 12"	6 lbs.
1317	12½" x 16½"	13" x 17"	12 lbs.
1519	14½" x 18½"	15" x 19"	16 lbs.
1925	18½" x 24½"	19" x 25"	27 lbs.
1931	18½" x 30½"	19" x 31"	33 lbs.

CAREY LAUNDRY CHUTE

Designed to replace the bulky and unsightly wood door. Made of heavy gauge ARMCO auto body steel, finished in prime coat. The unit is complete, ready to install—no hardware to buy, no door to fit. The four corners are reinforced with steel angles. The door is held with a brass bullet catch.

SPECIFICATIONS

Over all	11¼" x 14¼"
Wall opening	9¼" x 12¼"
Door size	8⅞" x 12"

Co-operation with Architects and Home Builders

We gladly submit sketches and helpful suggestions for any unusual bathroom cabinet and mirror problems. Miami-Carey Representatives in all principal cities are ready to assist you.

Known the World Over

For over sixteen years MIAMI Cabinets have been recognized as the finest examples of bathroom cabinet construction. They are in service throughout the world. Thousands are in use in England, France, Italy, Japan, China, India, in all South American countries, as well as on the high seas in palatial ocean liners. Here, in the United States, they will be found in many of the country's finest private residences, and in notable hotels, clubs, theatres, universities, hospitals, Government and other public buildings.
